The Next Chapter in Family History

Getting started on your family tree can be a daunting task. That's why at Storied we've created TREE TASKS on the website. We've taken you, your parents, and your grandparents and included 4 tasks for each of these key people to give you a jumpstart on building your family tree.

This workbook gives you space to record the TREE TASK information and much more.

"Family history is not just a collection of names and dates; it is the tapestry of stories that weaves together our past, present, and future. Through storytelling, we breathe life into the bones of our ancestors, and in doing so, we honor their legacy, preserve our heritage, and deepen our connection to those who came before us."
